

**MATH 591: FALL 2015 - SPRING 2016
GRADUATE TEACHING SEMINAR**

Instructors. Kyle Kinneberg (kyle.kinneberg@rice.edu), David Krcatovich (david-k@rice.edu) and Allison Moore (allison.h.moore@rice.edu).

Course Information. Meetings on Tuesdays, 2:30-3:30 in HBH 227.

Course Description. This class is a graduate teaching seminar. We will discuss good teaching practices, and have workshops on syllabus construction, lesson planning, quiz-making and exam preparation. Seminar participants will practice delivering lectures on topics that are appropriate for undergraduate classes in calculus and linear algebra. Lectures will be videotaped for feedback and participants will receive peer evaluations.

Textbooks. There are no required textbooks for this class.

Grades. Grades are based on attendance and participation. **Attendance is mandatory** and all registered students must lecture at least once per semester.

Academic Integrity. Students are expected to abide by the Rice Honor Code at all times.

Students with disabilities. Any student with a documented disability needing academic adjustments or accommodations is requested to speak with an instructor during the first week of class. All discussions will remain confidential. Students with disabilities need to also contact Disability Support Services in the Ley Student Center.

Visit <http://students.rice.edu/students/Disability.asp> for more information.

Disclaimer. The instructors reserve the right to update the expectations outlined in this syllabus. Any modifications will be announced in class before changes are made to the syllabus.
